April 28th 1960

Verkauf De/Chr-stc/Lii.

Gentlemen,

Conc.: Your letter of March 21st 1960
Your Ref.: ENG:WFW:MAW

We thank you for your a/m letter.

This is to inform you that we have not entered into an agency agreement with you as regards the sale and service of our echo sounding equipment so that we are not in a position to send you a copy of such agreement.

You will remember that in the beginning we had the service to our echo sounding equipment made by Messrs. Walker Sons & Co. Ltd., Colombo, who then informed us in September 1957 that they had forwarded the service manuals to your firm. In the meantime you have carried out the service to our equipment in several cases and you have received offers from us for our ATLAS Echo Sounders in case that there is interest in our equipment in Ceylon.

Until now we have not yet received, however, any news from you in reply to these offers. Therefore we had to conclude that you are not interested in the sale of our equipment in Ceylon. For this reason we submitted offers also to other firms.

Yours faithfully,

ATLAS - WERKE
Aktiengesellschaft
