Dear Sirs,

We, Simonsen Radio A/S, Oslo/Norway, hereby states that:

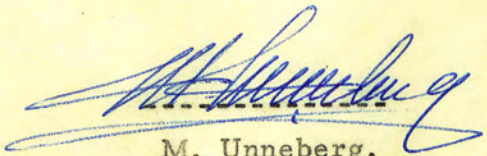

Messrs. Queens Radio & Television Corp.  
P. O. Box 637  
796 & 861 Alutmawatte Road  
Colombo-15

is our sole Service Agent in Ceylon and as such undertakes all  
the necessary work in overhauling and repairing SIMRAD  
equipment.

In order to develop an even better service regarding our products,  
we find it very important that one of Queens Radio & Television  
Corporation's service engineers is given a specialist course in  
Oslo, Norway during 1965/1966.

OSIMONSEN RADIO A/S  
10th March 1965.

  
Sales Director.

  
M. Unneberg.

20/6

Dear Sirs,

Visit of one engineer from Queens Radio & Television Corporation.

We thank you for your letter of the 12th June where you inform us that you are not able to send an engineer to our International Service Course, but that one of the engineers from Queens Radio & Television Corporation will pay a visit to Scandinavia at the end of this month.

We regret to say that we are not able to prepare a special service course for this gentleman because of other courses going on continuously until the summer vacation the 7th July.

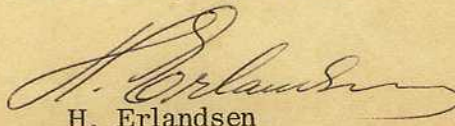

However, we would like to see your representative visiting our company for a couple of days and we will try to prepare for him, a simple programme with informations in service and installation, further we want him to meet people in charge in the sales department.

We will appreciate very much to get more exact information regarding time for his visit in Norway.

With regards,

Yours sincerely

SIMONSEN RADIO A.S  
Educational department

  
H. Erlandsen
