We, DANSK RADIO AKTIESKAB, hereby certify that the
QUEENS RADIO & TELEVISION CORPORATION
796 & 861 Alutmawatte Road
Colombo 15, Ceylon

is our sole representative as service agent in Ceylon, and that we believe it adviseable, that one of their engineers attends a short course at the factory ELEKTROMEKANO, Copenhagen, in order to better be able to take care of service and repair of radio equipments of our manufacure.

A course of about two weeks would suffice.

Dear Sirs,

Specialist Training - Mr. N.C.U. Cooray.

We received with thanks your letter dated the 16th
September, 1967.

We can inform you that Mr. Cooray in the two weeks
training at our Works got a thorough knowledge of the following
equipments:

- Main Transmitter type S649
- Main Receiver type M97
- Reserve Transmitter type S106RT
- Reserve Receiver type M114
- Auto Alarm type A7N
- Direction Finder type P179G
- Lifeboat Radio type SM118.

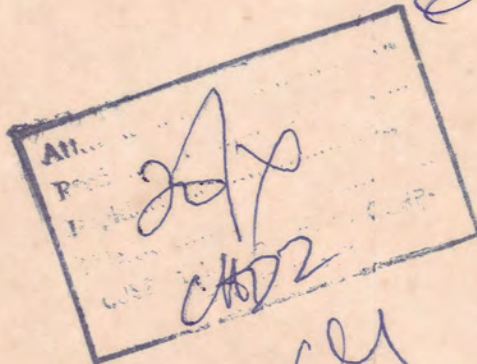

Mr. Cooray is a highly able technician and has shown
very great interest in the short time available to learn as much as
possible about the mentioned equipments.

We thank you for having had the opportunity to meet
Mr. Cooray, and reciprocate the greetings.

Yours faithfully,

DANSK RADIO AKTIESELSKAB
