Dear Sirs,

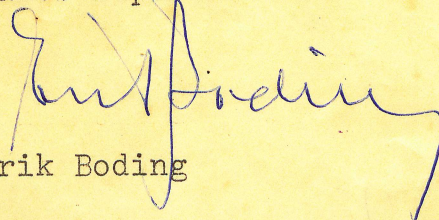

TRAINING OF SERVICE ENGINEER - SAL LOG

Thank you for your letter of July 24th, 1967 with information that Mr N.C.U. Colray is for the moment in Denmark and that after his visit there he will come to Sweden.

He is very well-come and we now wait for his information when he will arrive to us. We should like to hear from him at least 2 weeks before he comes, so that we can arrange with accommodation.

Yours faithfully,
