Dear Sirs,

Messrs. Queens Radio & Television Corporation are our service agents for marine electronic equipment in Ceylon, and we attach great importance to having one of their engineers in our factory for a course of instructions on installation and service of our radio stations, radars and VHF radio telephones.

The duration of the course will depend upon the qualifications of the engineer in question, but one to two weeks would in our opinion be a minimum.

Yours faithfully,
for AKSJESKAPET N E R A

12th May 1965.

Attention: Mr. C. Motha.

Subject: Specialist Training in Marine Electronics.

Dear Sirs,

We acknowledge with thanks receipt of your letters of 15th March and 28th April, and regret that these have not been replied to at an earlier date.

However, your service engineer shall be heartily welcome to spend a suitable period with us for training in service of our radio stations, radar and VHF equipment.

The exact time would have to be agreed upon at a later date, but we would unfortunately not be able to accept your engineer before September/October, unless you found this of great importance.

We are willing to pay your engineer the same subsistence allowance as we pay our own engineers when travelling, but assume that salary, travelling expenses and insurance will be paid by you.

./.. As requested, we are enclosing a letter in quadruplicate to The Controller of Emmigration and Exchange, and hope that you find this satisfactory.

We should be pleased to receive notification of your engineer's arrival as well in advance as possible.

Yours faithfully,
for AKSJESELSKAPET N E R A

Re. Specialist Training in Marine Electronics.

Dear Sirs,

We acknowledge receipt of your letter of 9th. June 1967 and thank you for information about mr. N.C.U. Cooray's visit in August.

As requested we enclose a letter in duplicate to the Norwegian Embassy in Copenhagen, Denmark.

Our offer to pay subsistence allowance for maximum two weeks is still valid. The amount is at present N.kr. 100,- pr.day. We suppose that you wish us to let mr. Cooray himself receive them when he arrives.

We further suppose that you wish our assistance for hotel reservation as this is a rather difficult matter in August. Therefore let us have the exact date of arrival well in advance.

We welcome mr. Coorey to stay with us and hope that he shall enjoy his visit here.

Yours very truly

Subject: Queens Radio & Television Corporation,
Colombo, Ceylon.

Dear Sirs,

Messrs. Queens Radio & Television Corporation are our service agents for marine electronic equipment in Ceylon and we attach great importance to have one of their engineers in our factory for studies and instructions on our marine radiostations, radars and VHF radio telephones, which many norwegian ships are equipped with.

A service engineer employed at Queens Radio & Television Corp., mr. N.C.U. Cooray, is at present visiting England, Germany and Denmark for training and intends also to visit Norway for about two weeks. We have agreed with Queens Radio & Television Corp. to give mr. Cooray the wanted knowledge of our products during his stay here and the purpose of this letter is to recommend an issue of visa for mr. Cooray's visit to Norway.

Yours respectfully
for AKSJESELSKAPET N E R A

Dear Sirs,

Re.: Specialist Training in Marine Electronics -
Mr. N.C.U.Cooray.

Thank you for your letter of 17-9-67 received in due time. We beg to inform that mr. Cooray received training on our marine wireless equipment - also single sideband types -, VHF and radars of RCA and NERA make.

Our impression of mr. Cooray is that he has very good technical knowledge in the electronic field and that he is thorough in his work besides being pleasant and cooperational by nature.

We therefore hope that his stay with us shall be of mutual benefit to our companies.

Yours faithfully
