The Management
Progressive Trade Promoters (Pte) Ltd
861, Aluthmawatte Road, Colombo 15
Sri Lanka

Dear Sir,

Sub: APPRECIATION

We have pleasure in stating that Progressive Trade Promoters (Pte) Ltd.(PTPPL), a Queens Group Company, is Cassidian (SCS) Value Added partner (VAR) in Sri Lanka.

It has been the first entry of Cassidian(SCS) to Sri Lanka, via initial project at Bandaranaike International Airport for TETRA Ground Communication System contract secured by PTPPL on behalf of Cassidian (SCS)..

With this success, PTPPL went on to secure Cassidian (SCS) the second contract for TETRA Ground Communication System for Mattala Rajapaksa International Airport.

We are indeed proud to say that today Cassidian(SCS) is the market leader in the emerging mission critical communication market in Sri Lanka, with the first and only two TETRA Communication Systems operated the country, well positioning Cassidian(SCS) for the anticipated upcoming and future market expansion.

PTPPL has added value in terms of providing customer interface and engineering support services, warranty and post warranty services to make our projects a success in Sri Lanka.

We recognize PTPPL as our Value Added partner (VAR) in Sri Lanka and we will continue to support their efforts in this market, ensuring our mutual success.

Yours sincerely,

Ehud Weizman
Head of Sales & Marketing
Secure Communication Solutions, India Subcontinent
Cassidian (SCS)
